

Sunken Treasure Scuba Center Open Water Diver Course at the Millheim Pool

Welcome

Thank you interest with the PADI Open Water Diver class. I hope that with your first underwater breath your life will never be the same. If you are seeking adventure, you will find it. If you enjoy nature, you will discover the most abundant and diverse environment on the planet. If you are looking for discovery, you will find it. We know less about what is under the ocean than what is on the surface of the moon. This Open Water Diver Class is your passage way to the underwater world.

Class Structure

The Open Water Diver Class consists of 3 phases: Knowledge development, Confined water scuba skills training, and Open water dives with a skills review. This class will cover Knowledge development and Confined water scuba skills. Open water certification dives will be offered directly through STSC at a local dive site or a referral will be issued.

Plan to be on deck Friday and Saturday evenings at 5:00 pm. The course will consist of six three-hour training sessions on 7/6 and 7/7, 13, 14, 20, and 21. For the first day of class will meet at the pavilion across the parking lot from the pool to cover an orientation and the optional personal gear order. We will be entering the pool starting our second class. Minimum age is 10.

Personal Gear

You will have the chance to select and order a mask, snorkel, and fins the first day of class. These items are considered personal dive gear and personal ownership is required for the class.

Total Cost

5 pool sessions: \$200 (Paid at registration, make check payable to PVPRA)

Student Kit: \$70.00 (Paid at first day of class to STSC)

Mask, Fins and Snorkel: ~ \$200 to \$300 (Paid at second class meeting)

4 Open water dives with STSC: June – Aug at \$35/dive or Sept – May at \$45/dive
